

Monday 9 June 2025

Dear MUN Coordinator,

We are delighted to invite you to the 18th annual Haberdashers' Elstree Schools Model United Nations Conference (HabsMUN). Affiliated with THIMUN, HabsMUN is a prestigious international conference, and with this year's theme being 'Bridging Divides', it promises to be our best yet.

HabsMUN runs over three days, during which participants will get the opportunity to come up with creative solutions to real world problems, refine their public speaking skills and form alliances, all with the aim of passing resolutions to change the world as we know it. With each participant representing a UN member state, MUN will encourage them to look at global issues from different perspectives.

The conference will run from the evening of Friday 13 March 2026 until lunchtime on Sunday 15 March 2026 and will be held on our school site at Butterfly Lane, Elstree WD6 3AF. The school is northwest of London, close to the M1/M25 junction.

The cost is £70 per delegate or guest chair, which includes full access to all conference sessions and three meals throughout the event. However, hotels have to be booked separately. Nearby accommodation can be found via this [link](#) and transport details can be found via this [link](#).

On our website at www.habsmun.com there are resources which may be helpful for prospective delegates to learn about MUN, its procedure and events. Whether a participant is a beginner or well-seasoned at MUN, our range of committees accommodates all abilities. MUN fosters both intellectual and inter-personal skills and we encourage all to attend this weekend of debate and diplomacy.

For enquiries, feel free to reach out to us at habsmun@habselstree.org.uk or call us at 020 8266 1700. Our Instagram page and both the Boys' and Girls' School websites will also provide relevant updates regarding details about the conference.

To sign up for HabsMUN 2026, please fill in the following form: [HabsMUN 2026 Initial Interest Form](#)

Students will have the ability to attend the conference as both delegates and chairs, although chairing roles and more advanced committees will require students to have sufficient prior MUN experience. A short selection process will be conducted for these roles – details to follow.

Together, let's pave the way for a brighter, more united tomorrow.

Yours sincerely,

Sebastian Maltz, Alexander Wasserstein and Tamara Joseph
Secretaries-General, HabsMUN 2026
